

Massimo Ginella  
CS24 Elementary Computer Organization  
Week 07 Lab Hours  
Lab time: 8 Hours

- Reviewed notes from class out loud for around 3 hours throughout the week as a means to study for the midterm.
- Studied up even more on the conversion between equations, circuits, and tables.
- Did a bunch of practice problems regarding circuits, boolean algebra, RISC-V code, bit shifting, and stack manipulation.
