Massimo Ginella
CS24 Elementary Computer Organization
Week 10 Lab Hours
Lab time: 4 Hours

- Read some extra chapters in the "Getting started with Arduino" text-book

- Did research to recall how recursive functions work.

- Watched some videos on karnaugh maps and did some practice questions from the videos.

- Looked at the next arduino assignment and began to draw a diagram of what hardware pieces I will utilize as well as where they will be placed on the breadboard.
